From the IMC_SERI

Reporting Diagnosis with Encounters

Providers need to submit ICD-10 diagnosis codes (Fxx.xxx series) on all claims and encounters.

The first diagnosis (primary) represents the condition that requires the most time, the most decision making and the most skill.

Other conditions assessed, or assessed and treated, in the visit must also be reported. These are reported as the secondary diagnoses.

Follow this guideline to report diagnoses code(s) with every encounter:

Por MH condition, use a diagnosis code:

o in these ICD10 ranges: F01 - F09; F20-F99, or

o when a diagnosis cannot be made or is unknown use:

F99 "Mental disorder, not otherwise specified".

Por SUD condition use a diagnosis code:

o in this ICD10 range: F10 - F19; or

o when the specific diagnosis cannot be made or is unknown

use:

2 Z7141 for Alcohol abuse counseling and surveillance, of

alcoholic; or

2 Z7151 for Drug abuse
